

Markwik 21 – Basin Mixer

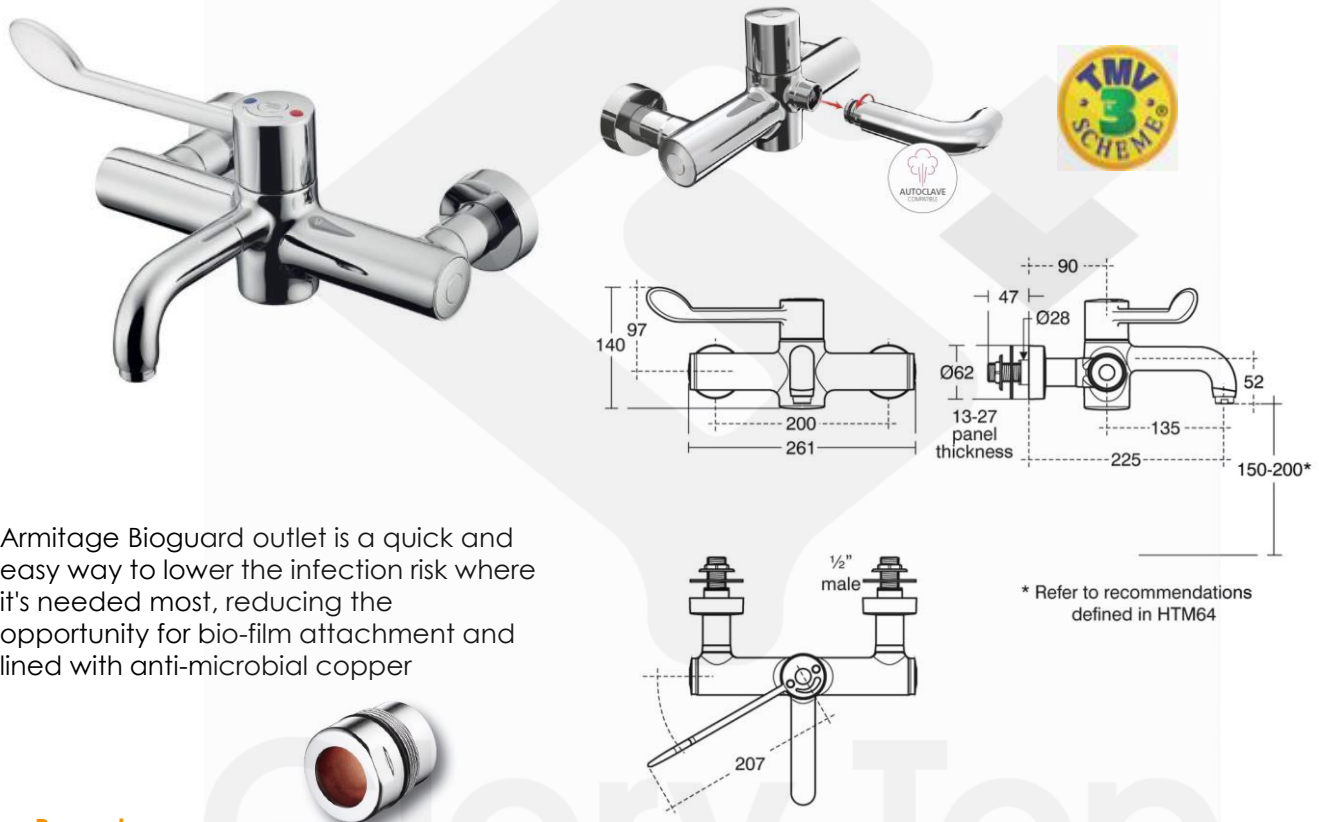

Armitage
Shanks

Product

A6243AA

Description

'Markwik 21' panel mounted integral thermostat lever control basin mixer with Bioguard outlet & detachable spout (autoclave disinfection compatible)

Armitage Bioguard outlet is a quick and easy way to lower the infection risk where it's needed most, reducing the opportunity for bio-film attachment and lined with anti-microbial copper

Remarks:

Single lever operates on/off and temperature control.

Suitable for high and low pressure systems.

Unique built-in thermal disinfection cleansing feature using kit S8239NU a bridging hose which is reusable.

A purging tool A4556AA is also available to facilitate initial installation or aid in system disinfection.

Flow rate regulated to maximum of 10 Litres per minute.

Includes thermal disinfection features, spout is removable for autoclave sterilisation, body demounts from legs or panel for submersible disinfection and Bioguard outlet also helps protect against bacteria.

* Refer to recommendations defined in HTM64
